Mr. Musoff has extensive experience in securities, corporate and other complex commercial litigation. He represents clients in a wide variety of industries and of all different sizes and types, from start-ups to *Fortune* 100 companies, including Autoliv, Inc.; Blackberry Ltd.; BMW; Centene; Hasbro; Iconix Brand Group, Inc.; MOL Global, Inc.; Pinduoduo; News Corporation; Seadrill Limited; Sprint Corporation; Travelzoo Inc.; and Vivint Solar, Inc., among others. Mr. Musoff has successfully tried numerous cases and arbitrations and regularly argues appeals in federal and state courts, including in the New York Court of Appeals and the Second Circuit Court of Appeals. For example, he successfully argued in the New York Court of Appeals and Second Circuit in defeating a turnover application against CIBC by the Commonwealth of the Northern Mariana Islands. In a significant decision for the banking industry, the New York Court of Appeals held that a bank cannot be forced to extract money from offshore indirect subsidiary banks. He also successfully tried a \$1.5 billion-plus excessive fee case against one of the world's largest asset managers brought under Section 36(b) of the Investment Company Act, which was one of the largest-ever cases involving claims against mutual funds. In addition, Mr. Musoff won summary judgment in favor of Merrill Lynch in what was termed a "landmark" case addressing the interpretation of credit default swap agreements with a monoline insurer. He also was a member of the team that represented Merrill Lynch before the United States Supreme Court in the first case in which the court addressed the provisions of the Securities Litigation Uniform Standards Act of 1998.
