## Mergers and Acquisitions

For many years, Skadden's private equity clients have benefited from our experience in strategic and financial sponsor-led M&A, including with related antitrust, tax, restructuring, capital markets, employment and regulatory issues. Our global practice represents private equity sponsors and other transaction participants in all of our major offices in the Americas, Asia Pacific, Europe and the Middle East. We also have advised numerous target companies, boards of directors and special committees in leveraged buyout transactions.

## Leveraged Finance

Our finance and capital markets practices advise private equity sponsors and portfolio companies worldwide on all types of financings, including integrated bank and bond financings, bridge financings and refinancings. Our attorneys are located in major financial centers on five continents and offer our clients in North America, Asia, Australia, Europe and South America with an in-depth understanding of the global markets. Our perspective on leveraged financing structures is enhanced by our extensive experience representing lenders and underwriters of all types, including bank and nonbank lenders, and providing or arranging bank and bond financing in private equity transactions.

Our finance-related capabilities are enhanced by our leading corporate restructuring practice, which has extensive experience in the special issues private equity sponsors and their portfolio companies face in workouts, bankruptcies and similar situations.

## Fund Formation and Sponsor Representations

With more than two decades of in-depth experience representing the sponsors and investors in private equity funds, Skadden provides advice on the formation and ongoing operations of funds and the companies organized to sponsor and manage them. We have structured numerous U.S. and offshore private equity funds and funds of funds (including merchant banking, mezzanine and venture capital funds) involving a variety of structures and jurisdictions.

Our law firm works extensively on every category of private equity funds, including hedge funds, leveraged buyout or merchant banking funds, venture capital funds, real estate funds, including REITs, and hybrid funds that meld attributes usually linked either to traditional venture capital or buyout funds or to hedge funds.
