

Skadden 1L Scholars Program

At Skadden, we've always embraced the idea that a wide spectrum of inclusion and diversity only makes us better. Through our Skadden 1L Scholars Program, we are seeking talented, self-motivated law students whose life experiences, demonstrated interests and achievements can contribute to our firm's commitment to diversity, inclusion and excellence.

Program Overview

Our program offers 1Ls a rich career development opportunity by leveraging the resources and networks that only a global law firm like Skadden can provide.

- 1L Summer Associate internships are comprised of law firm and public interest exposure. Those interested in also gaining corporate in-house exposure may express an interest in a rotation during the application process.
 - Offered in our Boston, Chicago, Houston, Los Angeles, New York, Palo Alto, Washington, D.C. and Wilmington offices.
 - Past in-house legal department placements have included positions at our clients in the financial services, technology, pharmaceutical, sports, media and entertainment, and commercial sectors, among others.
- Those who successfully complete their 1L internships will receive offers to participate in the 2L segment of our program,¹ which includes:
 - Partnering with a Skadden mentor to further personalize aspects of the 2L Summer Associate experience to support career interests. In addition to returning to the firm as a Summer Associate, this may include a rotation in one of our international offices, an off-site Impact Project with one of our public interest partners, or additional client exposure.
 - Continuing to participate in mentoring and training opportunities during the 2L school year.

Compensation and Scholarships

- 1L Scholars are paid \$3,900 per week, and students attending schools from out of town will be reimbursed for their travel expenses at the beginning and end of the summer.
- In addition, 1L Scholars receive up to \$50,000 in scholarships:²
 - \$25,000 upon returning to Skadden for a full 2L summer
 - \$25,000 upon joining the firm as a first-year Associate
