Stuart D. Levi serves as co-head of Skadden’s Web3 and Digital Assets Group. Mr. Levi has a broad and diverse practice that includes advising on matters involving Web3 and digital assets (including NFTs), artificial intelligence, fintech, technology transactions, outsourcing transactions, intellectual property licensing, privacy and cybersecurity, and branding and distribution agreements. Utilizing his background in computer science and the information technology industry, Mr. Levi has extensive understanding of the technology and business drivers underlying agreements and transactions in these areas.

Mr. Levi has been a recognized leader in the technology transaction field for over 30 years and has been named a *National Law Journal* Trailblazer in cryptocurrency, blockchain and fintech. He also has been named to *Chambers Global*, *Chambers USA* and *Chambers FinTech*, and recognized as a Thought Leader by *Who’s Who Legal: Fintech & Blockchain* and an IP Star and Transactions Star by *Managing IP*. Additionally, he has been named to *Intellectual Asset Management’s* IAM Patent 1000, where he is described as a “master at ... formulating strategies, structuring deals and successfully negotiating them.”

Mr. Levi’s representations have included advising:

Blockchain/Digital Assets/NFTs

- numerous rights holders across multiple industries, including entertainment, sports, gaming and art, in the minting and marketing of NFTs
- providers of NFT platforms and service providers in structuring their platforms, contracting with rights holders and regarding ongoing compliance issues
- a leading global auction house in NFT-related matters
- a consortium developing a new blockchain and stablecoin
- a leading DeFi protocol in connection with a number of technology transactions, intellectual property issues and regulatory matters
- the development team building a new blockchain system and a related cryptocurrency
- various companies in connection with cryptocurrency and digital asset advertising policies
- a fund in connection with investments in cryptocurrencies
- various companies on issues relating to the acceptance of cryptocurrency as a means of payment
- a service provider that allows digital wallets to interact with exchanges
- companies in connection with M&A and capital markets activity in the blockchain and digital asset space

Artificial Intelligence

- a global entertainment company in connection with its AI strategy, including how to protect its own content from being used without authorization and how it can exploit AI tools for its own creative offerings
- a global content developer in connection with intellectual property issues relating to its deployment of AI
- a global brand in connection with establishing policies for AI usage
- a developer of AI tools for workplace automation in connection with intellectual property and licensing issues
- a major sports league in connection with its AI strategy and policy

Stuart D. Levi

Continued

- The Walt Disney Company in its \$4 billion acquisition of Lucasfilm Ltd.
- Amadeus IT Group in its acquisition of Navitaire

Prior to joining Skadden, Mr. Levi was director of intellectual property for Reuters America Inc. and a vice president of Reuters NewMedia Inc. In these roles, he was responsible for all of Reuters' technology and intellectual property matters.

Mr. Levi has written and spoken on numerous outsourcing, privacy, technology and intellectual property issues, and each year he co-chairs the Practising Law Institute's Open Source Institute. He was named a winner of a *Law360* Distinguished Legal Writing Award (presented by the Burton Awards) in both 2023 and 2019. Mr. Levi also has been named by *Chambers USA* as one of America's Leading Lawyers for Business since 2004 and by *Chambers Global* as one of the World's Leading Lawyers for Business in technology transactions each year since 2002, in addition to being named to *Chambers FinTech 2021*. He also was previously selected by *Crain's New York Business* for its list of Forty Under Forty — New York's Rising Stars, where he was cited for his work in internet law. In addition, Mr. Levi repeatedly has been selected for inclusion in *The Best Lawyers in America* for information technology law.
